What: Upper Moutere Community Centre

Where: Upper Moutere

Who: Coman Construction Ltd, Builder
— Arthouse Architecture Ltd, Architect

Firth Product: 200 series common with 20 mpa blockfill.

Spraggs Brag: Blockwork at the early stages. They are retaining walls to support the raised floor levels.

Spraggs Brag cont: Well the first comment from Gordon Coman was that "Spraggs were a pack of useless bar-stards", but that was just to humour us. Richard, the foreman on the job, commented that Spraggs were easy to work with, and did a good job under very hot conditions.

What: Residential House
Where: Kina
Who: Lovell Inch Builders, Builder — Duckett Architecture, Architect.
Firth Product: 200 series block, with 20 mpa blockfill with cavex.
Spraggs Brag: Blockwork completed on the basement, 300 sqm². Unispan floors and steel continue to be placed ready for the first floor blockwork. Only 350 m² of blockwork to go.

Ross Lovell commented that Steve and the guys have given them great service, attitude and a great job. Their attention to detail is excellent — a smooth operation.

What: Residential House

Where: Ruby Bay

Who: Emerson Mytton Builders, Builder — Novak & Middleton Architects Ltd, Architect.

Firth Product: 200 series common with 17 mpa blockfill.

Spraggs Brag: Emerson Mytton comments that Spraggs had good service and he liked the aspect that they took care of all the steel requirements.
