

Spraggs Brag

Spring 2004

AQUATIC CENTRE

The construction is complete, the pool is open and it's awesome. We are most proud to have had a small part in the development of this major project for the community.

Car park and main entrance

View of toddlers pool, and office

Mens changing room

Ian Speirs, Interpool Architect, comments that the installed blockwork has been well executed providing an interesting textural backdrop with the stretcher bond to the interior walls. This has provided a good base for the exterior insulation system, the interior paint scheme and tiles to selected areas, meeting the rigours of a busy Leisure Pool.

Ladies changing room

West side of lane pool

East side of lane pool

**We have moved our office to 68 Gladstone Road, Richmond
(behind Malcolm Machinery)**

What: House—on the Cliffs
Who: Mayfair Builders, David Jerram Architects.
Firth Product: 200 & 250 Series block
Spraggs Brag: Retaining walls built under the house while house is being propped up, showing the versatility of blocks in tight and difficult access areas.
Alastair Wiffen from Mayfair Builders found Spraggs Bricklayers to be very professional, accommodating, and punctual and has a friendly team to work with.

This is the front door after excavation and retaining walls erected

What: Information Centre
Where: Nelson
Who: Wilkes Construction, Irving Jack Architects Ltd.
Firth Product: 150 & 200 Series Common Blocks
Spraggs Brag: Adam replacing clean out blocks after an inspection by an engineer who Adam organised to visit the site.

ALL BLACKS—I THINK NOT

This year some of the staff have entered into the El Taverna Touch Competition. Although most of them are new at the game, there is a few experienced players to show the new boys the ropes. There has been a lot of thrashings, but they can only get better—they hope!.
